Our PYO fruit is ideal for making jam, smoothies and desserts, and can even freeze what you've picked to be enjoyed at a later date!

- All fruit sold by gross weight
- We operate a minimum spend per person (if you can walk it applies) which is payable on entry.
- Keep your receipt so that we can deduct this off the price of the fruit you pick.
- Return to the weigh station once you are finished to pay for your fruit. You pay for what you pick.
